GOLDEN SANDS
(A jewel for Cyprus and the Hotel industry)
OPEN ITS GATES AS FROM 1st MARCH

The "Golden Sands" Hotel, the latest addition to the many outstanding hotels and inns which the island has to offer, is due to open its gates on the 1st of March. The hotel is situated on the north coast of Cyprus, not far from the popular resort of Protaras. It is a modern, air-conditioned establishment, offering a wide range of facilities for the comfort and enjoyment of its guests.

The tower block
The main feature of the hotel is its tower block, which houses the executive suites and the most luxurious of the hotel's dining and leisure facilities. The tower block is designed to provide a unique and glamorous experience for those who choose to stay there. The rooms are spacious and well-appointed, with state-of-the-art amenities and modern furnishings.

Facilities
The hotel boasts a wide range of facilities, including several restaurants and bars, a health and fitness center, a swimming pool, and a cinema. There are also several shops and boutiques on site, offering a variety of shopping options.

Three lifts
There are three lifts in the hotel, each serving different parts of the facilities. The lifts are designed to be efficient and reliable, ensuring that guests can easily access their rooms and move around the hotel.
